SERVICE SHEETS & MEMORIAL STATIONERY

Henry Paul Funerals can provide a printed order of service, which can be personalised to your requirements and include photographs. Not only is this of great help to those attending the funeral, allowing them to follow proceedings - but can also be retained as a wonderful keepsake after the service, as well as a memento to send to those unable to attend in person.

We are also able to provide announcement, memorial, pew and thank you cards if you require them. In addition, we have a range of memorial bookmarks which can be retained as a keepsake.

Please ask our staff for more information. We would be happy to show you a printed sample.

FLORAL TRIBUTES

We will assist you in the ordering of floral tributes if you wish - either choose from the standard styles or design your own bespoke tributes.

We are happy to retain all floral cards and present them to you as a keepsake after the service. Please ask our staff for more information on styles and options for floral tributes.

MEMORIAL MASONRY & HEADSTONES

The most popular memorial is a headstone or a plaque, yet we can offer the possibility to plant a memorial tree or sponsor a commemorative bench; or you may have alternative ideas which you would like to discuss with our staff who will be happy to assist.

Memorial stone masonry can be provided in a variety of colours, shapes, materials and styles. Inscriptions and size of lettering will vary depending on style of memorial chosen. We will always check with our stonemasons that your choice of memorial is feasible prior to production.

There are regulations governing the type of memorial that can be erected in a particular area. We will check the regulations with the appropriate authority prior to you choosing a memorial.

We can also repair and re-fix memorials. We will appraise the condition of the memorial and submit an estimate for the works. Subject to your approval, we will carry out the necessary work to repair the memorial. Similarly, we can offer a quotation for cleaning an existing memorial.
